

iPhone EZ Products announces weekly iTunes Gift Card Drawings For Twitter Followers

FOR IMMEDIATE RELEASE:

Seattle, WA (NOV 30, 2009) – We are pleased to announce an iTunes gift card promotion. In order to give back to iPhone users who have made our company successful we are giving away \$20 in iTunes Gift Cards every Sunday at 5PM PST. We will draw from our list of Twitter followers and 2 followers each week will win a \$10.00 iTunes gift card from iPhone EZ Products.

We started our company in February 2009 and since then we gone from having 1 application in the iTunes App Store to over 125 apps. To date, users have downloaded 90,000 paid applications from our company. That's an average of 9,000 applications/month. All in just 10 months!

We never realized this kind of success would be possible by selling iPhone applications. To mark nearly 100,000 apps sold we are pleased to offer this promotion as a way of "giving back" to the community.

To have a greater chance of winning, we are offering customers an extra entry for every application they purchase from iPhone EZ Products! All of a customer's entries stay in until they win. All they need to do is send us a screenshot of the installed application.

iTunes Gift cards will be emailed directly to winners. To qualify, you must follow us on Twitter at www.twitter.com/iPhoneezapps. Good luck to everyone and thanks for making our company successful!
